

## Lost Pet

Losing a pet can be a distressing and frightening experience. If you notice your pet is missing, here's what you should do:

- Start looking for him or her **immediately**.
- **Don't wait** a day or two to see if he or she comes home.
- Contact us during hours of operation by phone at 902-892-1190 to fill out a lost pet report.
- Contact the local radio stations and veterinary clinics (phone numbers are provided below).

We take photos of the stray companion animals that arrive at the PEI Humane Society and post them on our website for 3-5 days (*link to lost pet page*). If you don't see your pet's photo on this page, it's very important that you still contact us to report your lost pet and, if possible, visit the Society at 309 Sherwood Road, Charlottetown to see if your pet has made its way to our Shelter.

Other tips to help find your pet:

- Place a classified ad in your local newspaper.
- Circulate flyers with a photo and description of your pet.
- Advertise your lost pet on internet bulletin boards such as [www.usedpei.com](http://www.usedpei.com) and [www.kijiji.com](http://www.kijiji.com)
- Put up posters around your neighbourhood
